(6) Modifications to format are at the discretion of the Registrar of Voters.

Over the past years, California school districts have experienced severe reductions in revenues received from the State. Numerous revenue streams have either been eliminated or reduced. Consequently, last summer, East Side reduced its budget by approximately \$7,000,000. Without additional support, we will be forced to reduce by another \$10,000,000 for next school year. As a result the East Side students have been deprived of opportunities and services sorely needed and deserved.

Now is the time to do something about student literacy, technology and safety. All money raised by Measure K will be spent in the classroom helping to ensure that each and every student finishes high school with the ability to read and write. The money raised by Measure K will help to ensure that each and every student becomes technologically literate. No child should be afraid to go to school. Measure K will help us protect our students by upgrading classroom safety and improving the security of every high school in the District.

Now is the time to ask yourself, what kind of education do you believe our children deserve? If you're tired of being told it's the other guy's fault, if you're tired of your tax dollars being sent up to Sacramento and disappearing into a black hole, if you're tired of our children being shortchanged by the system, then join us along with the hundreds of other businesspeople, parents, teachers, senior citizens and community leaders in voting YES on Measure K.

By law, every dollar generated by Measure K will be spent locally and not one dime can be taken by the State and spent elsewhere.

Support Measure K! You can make a difference!
