Rebuttal to the Argument Against Measure L

The argument written by the Libertarian Party against Measure L is simply incorrect.

Without Measure L, our school district will be forced to make further budget cuts that will impact the quality of classroom instruction available to our local high school students. This would mean losing many more of our outstanding teachers, increased class sizes and elimination of core academic classes that students need to graduate and go on to college.

Measure L will be in effect for six years only. No Measure L funds will go to the state, to other school districts or to pay administrators. All money raised by Measure L will stay in our community to benefit our high schools.

By law, Measure L funds can only be used to:

- Preserve core academic classes
- Maintain qualified and experienced teachers and school employees
- Continue programs that help our students qualify for college
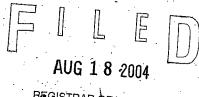

An independent citizens oversight committee will make sure Measure L funds are properly spent. The cost of Measure L is deductible on your income taxes. Senior citizens are eligible for a full exemption.

Measure L is a frugal and carefully thought through plan to avoid extreme cuts and protect the high quality of education in our community. Good local schools keep our property values high.

Our excellent local high schools that send 90% of students on to college depend on community support. Measure L will preserve essential academic programs and classes.
Please vote YES on MEASURE L.
